DESIGNATED SAFEGUARDING STAFF

Horbury Academy is committed to ensuring our pupils feel secure, happy and safe. Safeguarding our young people is at the forefront of what we do every day and we are confident our provision is firmly embedded through our ethos and across the curriculum.

If you are concerned about the health and safety, security or wellbeing of any member of the Horbury Academy community, please ensure you share this information with one of the designated safeguarding staff. All concerns will be taken seriously, and will be treated sensitively and professionally.
